

The Laerdal Customer Calendar competition has returned for 2024 by popular demand. We invited our user network to vote for their favourite entry from a selection of fantastic snaps submitted by customers across Australia and New Zealand. The most popular entry is featured on the prestigious cover page. 2nd and 3rd placegetters are also highlighted.

Thank you.

Laerdal would like to thank everyone who submitted entries to the 2024 competition.

As you can see, we have some very creative and talented people out there – all demonstrating the impact that the training has had on promoting patient safety. It was tough to choose the final selection! We would also like to thank all our customers for their support of the calendar.

We hope you enjoy this year's edition.

Printed on Hanno Silk. Hanno Silk is produced in an ISO 14001 Environmental Management System accredited facility which certifies all processes involved in production are of the highest possible environmental standards. FSC Mixed Sources Chain of Custody (CoC) certification ensures that fibre contained is sourced from certified, well managed forests. This publication is fully recyclable. **Laerdal Global Health**

Every year, 40 million women give birth without a skilled birth attendant. Despite progress, maternal and child mortality rates are still unacceptably high around the world — especially on the day of birth — which accounts for over 20 percent of deaths of children under the age of five.
